DETAILED ACTION

Response to Arguments

1. Applicant's arguments and declaration filed on 12/29/2009, with respect to claims 1-20 have been fully considered and are persuasive. All previously made rejections have been withdrawn.

Allowable Subject Matter

2. Claims 1-20 are allowed.

3. The following is an examiner's statement of reasons for allowance: The examiner respectfully asserts that none of the cited prior art, taken either singly or in combination, is seen to teach or suggest the method of coating a yarn by placing the yarn in contact with a coating and dispersion agent; forming a coating on the yarn and then partially removing the dispersing agent by heating; coating and winding the coated yarn and prior to total cool down the coating agent is applied to the yarn in an amount of 10-800 Wt % of the yarn. Thus, the prior art of record fails to provide for the claimed method, structure, composition and dimensional limitations as set forth in the claims. Hence, it is considered that the application is currently in full and proper condition for allowance. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Arti Singh-Pandey whose telephone number is 571-272-1483. The examiner can normally be reached on M-R 8-6.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Donald Tarazano can be reached on 571-272-1515. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
